Property Owner: _____

Property address: _____

Township: _____

Building Contractor: _____

Plumbing Contractor: _____

License #: _____ Bond #: _____ Phone #: _____

Mechanical Contractor: _____

License #: _____ Bond #: _____ Phone #: _____

Applicant Signature: _____

Effective August 1st, 1999 any person contracting to do plumbing work in Minnesota will be required by law to obtain a \$25,000 "code compliance" bond.

The law requires a bond that can be used to reimburse consumers for up to \$25,000 in cost, in case where the consumer ends up paying the corrected work that does not meet code.

Property owners planning on performing plumbing work on their property must sign below and are responsible for code compliance.

Property owner (print): _____

Property owner (signature): _____

- ❖ The State Legislature passed a law effective July 1st, 2003 requiring anyone who installs gas piping, heating, ventilation, cooling, air conditioning, fuel burning or refrigeration (G/VHACR) equipment to post a \$25,000 bond and file with the Department of Administration, Building Codes and Standards Division.

Building Official approval: _____ Date: _____
